

# Frangipani

## The Spa at Breezes

Zanzibar has long been considered an exotic destination with a fascinating history, vibrant Swahili culture and fabulous beaches. Now discerning travellers looking for some pampering can finally indulge at the **frangipani spa** located on the peaceful South Eastern Coast of the island at Breezes.

Inspired by the Sultan's Bath Houses on the island, the frangipani spa features an innovative and understated décor, which reflects a sophisticated Swahili Style. In relaxing shades of caramel and cream, adorned with Zanzibar carvings and antique brass finishings the atmosphere is enhanced with relaxing music, candlelight and spice scented aromas - creating a blissful and tranquil setting stimulating a complete relaxation of the body and mind.

In this setting a variety of treatments and therapies are offered which are aimed at relieving stress, exhaustion and other negative impacts of a modern lifestyle. The international team of professional therapists come from Thailand, Eastern Europe, Kenya, Bali and India and add a wealth of knowledge and experience with their unique skills. Each is able to assess the needs of clients and deliver a combination of therapies and treatments from the Orient, Mediterranean, Africa and Asia.

The mosaic tiled steam room is equipped to offer chromo therapy enriched with mood enhancing and relaxing aromatherapy. The frangipani spa features two Jacuzzis and a relaxation room offering an assortment of detoxifying, fresh natural juices and herbal teas.

There is a full range of the highest quality natural skin care products from one of the world's leading brands using a wide variety of facial, hands & feet and body treatments ranging from rejuvenating, detoxifying & hydrating therapies to more complex treatments such as cellulite treatment and body peels. These treatments, together with a wide array of specialised massage techniques, including the renowned Thai and Balinese massage will stimulate your senses and will add a very special touch to your experience in Zanzibar.

### Signature Treatments

The frangipani spa offers an "Après Safari Treatment" and "Kili Foot Treatment" which are specially designed experiences to soothe and rejuvenate after the dust and bumpy roads of the African Bush. ....an excellent option for those who are looking to recover after an adventure filled safari.

# *The Sultan's Bath*

Emulating the luxurious old Sultans bathhouses of Zanzibar, this is the latest addition to the renowned Frangipani Spa.

A truly unique experience not to be missed, it offers a spectacular ambience with the most beautiful décor.

The Sultan's Bath is the ultimate in pampering and relaxation, with soothing aromatherapy massage for two people at the same time, followed by a relaxing bath in the mosaic-tiled pool.

The atmosphere is enhanced with relaxing music, candlelight and spice scented aromas - creating a blissful and tranquil setting stimulating a complete relaxation of the body & mind.

An absolute must for those who want to be pampered and to experience the very best of Zanzibar heritage.
